Our Mission

We aim to deliver a positive & rewarding experience to every one of our clients.

At FlexiFit Boxing, we pride ourselves on being second to none when it comes to mobile boxing and fitness training in the Melbourne metropolitan area. With our hands on approach to training and constant interaction outside of training, we aim to deliver a positive and rewarding experience to every one of our clients. Whatever your desired goal is, we will go above and beyond in helping you achieve it.

FlexiFit Boxing is like no other training. We run flexible hours for all our clients and offer a premium “fight” style service direct to your door. We only use the best equipment on the market and our trainers have extensive knowledge and experience in personal training and boxing.

Our boxing glove range covers three major sporting brands—Everlast, Sting Sports and Onward Athletics. We let our clients test out our gloves prior to purchasing or if they just wish to try them out. We only stock selected products from each brand that we believe are of quality and suitable for our training.

We strongly focus on these three core values with our boxing gloves: Quality. Comfort. Performance.

A handwritten signature in black ink that reads "Matt Brown".
